

ILLINOIS STATE COUNCIL NEWS

December 2001 Vol 3 Issue3

District Deputies to Meet

The District Deputies will converge on the Holiday Inn, Matteson, IL for the Mid-Winter Meeting, January 11,12,13, 2002. At this meeting the District Deputies will review progress for the first six months of the fraternal year for both the State as a whole and individually by their Districts. This will be a new twist and a chance for one on one assistance in looking at the past and moving on to a positive future with our Districts.

The weekend will begin with a Friday night welcome gathering and business will begin on Saturday with the business session at 11:00 AM with all District Deputies in attendance. The Mass will be at 5:00 PM with the State Deputy's Banquet to follow at 7:00 PM.

Sunday will dawn bright with an 8:00 AM Prayer Service to remember all those who lost their lives to the hands of the terrorists. The business session will resume at 9:00 AM and adjourn no later than 12:00 noon.

A Gift That Keeps on Giving

There is no better time than now to ask a Catholic man to join our Order. During this Holiday Season give someone that one special GIFT, that same GIFT someone gave to you, membership in the Knights of Columbus. Someone cared enough to give you the best gift that they could so why not pass it on. Don't wait until tomorrow, do it today!

Membership Is Number 1 - Frank Ryan

Since the attack on our country on September 11, 2001, we have been in a mood of apprehension we're not sure what is going to happen next. The terrorists have put a lot of us on hold. As we take a look at what our priorities are, we want to make sure that our families are well protected and our life is in order as it was before the attacks. I think this has a lot to do with the membership growth the last couple of months. People often have other things on their minds besides joining the Knights of Columbus. Now is the time for us to let our fellow Catholic men know about the works that the Knights of Columbus have been doing since and before the attacks. We as a group of men now more then ever, need to set an example of being involved with our Church and our communities by helping in any way possible to get this Great Nation back on its feet and by showing the terrorist that we will never surrender to their tactics.

With the Holidays coming up what better time to **ASK** a family member, your neighbor, the person you work with, the person that sits next to you in church to join the Knights of Columbus. We need to show our prospective members all the good works we do for our Church, Communities, Families and the Youth of today. Explain the programs that your council participates in every year. We as Knights don't toot our own horns enough about what we do. Let everyone know about all the good things your councils do. Keep your family and all the families of those who lost love ones in this tragedy in your prayers daily and we will get through this together. God Bless America and our Order.

Merry Christmas to one and all

A very Blessed Christmas wish to all!

State Deputy Bill Spainhour

My Brother Knights,

The events of the past few months have changed our world. The environment that we lived in on September 10, 2001 is drastically different than the one we live in today. The historic mission of the Knights of Columbus is needed more than ever. This is a time for action. We must be unified and we must respond to the call. We must work for common good and defense of our society.

People today are looking for ways to help. They want to contribute. They are searching for a sense of accomplishment. We have heard of the rise in attendance at church services. Many people are volunteering to assist various social and charitable groups. Many Americans are now taking stock of their lives. They are spending more time together as families. They are more aware of social issues and the needs of others in their communities.

We as Knights must meet the challenges of this new world environment. We must offer our assistance in this changing world. We must open the doors of our Order to the Practical Catholic Men who are in search of a means of contributing their time and efforts for common good. We must open our doors, our hearts, and our minds to these men and allow our membership to grow. We must welcome back former members. In this new world environment we will be charged with enhancing and continuing our current programs and developing new programs to meet the challenges of a new society. In order to accomplish the tasks that lie ahead we must be strong in manpower and in voices. We must be visible and we must be heard.

Since the attack on America, our citizens are re-evaluating the meaning of freedom. The groups that have been destroying our society in the name of freedom, some unwittingly, have lost manpower and visibility. We must add manpower and be more visible than ever. Their voices are weak. Our voices must be strong and heard by all.

The Knights of Illinois will be prepared to meet these challenges.

The Knights of Illinois will continue to support our Church and our Communities.

The Knights of Illinois will be a strong voice in shaping a society for common good.

The Knights of Illinois will stand for God and Country.

The Knights of Illinois will Open Wide the Doors to the Knights of Columbus.

I would like to take this opportunity, on behalf of my wife Jeanie and our family to wish all of you and your families a Blessed and Merry Christmas and a safe and Happy New year.

Fraternally,
Bill Spainhour
State Deputy

Bill Brown, PSD - VOCATION SUPPORT PROGRAM - Ron Ziemba, PSD

We wish to share with you a letter of appreciation recently received from a seminarian:

Dear Knights of Columbus,

Thank you very much for your kind monetary gift. It will be put to good use. It's always nice to hear from the Knights. Although, I'm not a Knight, I would like to learn more about joining. If possible, could I get information about joining? Once again, thank you very much. Please continue to pray for all of us here, and rest assured of my prayers for you!

Sincerely Yours in Christ,

Ryan Janusick

Ryan is a first year college seminarian from the Springfield Diocese and is attending Cardinal Glennon College Seminary in St. Louis, Mo. We as Knights of Columbus must continue to support these seminarians spiritually, morally and financially. We don't have to ask them to join, they realize what our organization is all about and many of them want to be a part of this great fraternal organization called the Knights of Columbus.

SQUIRE NEWS – Rich Spada

A successful Squires statewide bowling tournament was held October 7 at King Pin Bowl, Springfield. For the third year in a row, Breese Circle teams were triumphant by winning both First and Second Place. High Squire bowler was Breese Circle member and State Sentry Squire Ed Kehrer. First Place in the counselor division went to Breese Chief Counselor, Mike Niemeyer. A Pizza party was then held at nearby Field House Pizza. Congratulations to bowling chairman Ed Kehrer on a well run event.

State Deputy Chief Squire Tony Schenk and State Arm Captain, both from Evansville Circle have developed an incentive plan with a great list of prizes to help increase Squire Membership. For every membership application leading to a new member, the proposer will receive a chance in the drawing to be held at the Squire's State Convention in April.

Congratulations to O'Fallon Council (Belleville Diocese) on having their new Squire Circle receiving the first new Charter this fraternal year in Illinois. Ahren Langhauser, New Circle Development Chair, Immediate Past State Chief Squire and Chief Squire of Breese Circle, reported that along with O'Fallon, Alton and Bethalto Circles (Springfield Diocese) are ready to hold an investiture and reactivate those Circles. Dolton/South Holland (Chicago Diocese) is six members closer to reactivating their circle. Ridgeway Circle (Belleville Diocese) held a Columbus Day Investiture and brought in 11 new members. With the combine activities of the Membership and New Circle Development Committees, the goal of doubling the membership of Squires in Illinois this fraternal year looks to be within reach.

The annual Basketball Tournament, chaired by State Bursar Squire from Breese and State Marshall Squire Josh Devera from Streator is scheduled with playoffs on 3-10-01 at Breese and Streator and the championship games played on 3-17-01 in Springfield.

This year the Squires State Convention, chaired by State Chief Squire Eric Walter from Evansville is scheduled for April 5 through 7, 2001 at the Crowne Plaza in Springfield.

Congratulations to all the Illinois Circles that received awards from Supreme for their activities during the 2000-2001 fraternal year, namely Breese Circle on winning the order wide Ten Pin Bowling Tournament, receipt of the Corp d'Elite Award and on being runner-up for a Brother Barnabus Award.

State Free Throw +Spelling Bee + Essay – Rich Spada

It is not too late to order your kits for the State Free Throw and Spelling Bee contests. These activities present a great opportunity for our young people and for your recruitment efforts. Don't forget the essay contest too. If you have any questions about these activities please call Mike Nettekmeier (Free Throw) at 618-526-4997 or Bernie Mennemeyer for the others at 217-523-2931. Many thanks to District Deputy, Vince DeRosa of Chicago and Council 662 in Sterling for responding to our invitation to host regional free throw competitions. How about others stepping forth to offer assistance, Mike Nettekmeier would appreciate hearing from you!

Council Family Reunions – Frank Ryan

November marks the beginning of the holiday season, a traditional time of family homecomings. During this month sponsor a council "family reunion" by bringing your members' families together in faith and fraternity. Sponsor a holiday celebration at your council. Along with inviting your members, ask former members and prospective members and their families to attend. Let these former Knights see that they can still experience the fraternity that originally attracted them to the Order. Also, show prospects that the Knights of Columbus is a family affair. Also, include non-active members and their families in your events. Along with social events, sponsor a Memorial Mass for deceased members and their families. Invite widows and children of deceased members to these events, to show them they are still a part of the Knights of Columbus. Also again include prospects, former members and non-active members in these services.

What better time to implement the "Welcome Back Brother" program that you will find in your State Membership Program Booklet. Now is the time to find out why someone left the Order, they may be just waiting for someone to **ASK** them to come home for the Holidays.

December - Membership Invitation Program - Frank Ryan

Close out the year in December with a membership invitation program. Send greetings to the prospects and former members who attended your November events and **ASK** them to consider becoming a part of your council. Be sure to emphasize the benefits that membership in the Knights of Columbus holds for them and their families. Schedule a First Degree exemplification during this month so your new members can reap the gifts of membership before the Start of the New Year. Also, contact non-active members of your council and **ASK** them to become involved again in the council's family. You can find how to run the Invitation Program in your State Membership Booklet.

PHOTO CONTEST

In the last issue the photo of the Statue of St. Francis of Assisi that can be found near the Lodge at Starved Rock State Park was identified by bro. Albert Skutt, Chancellor Council 8321, Lacon. A Christmas CD was sent to him for his keen eye and his knowledge. Good job!

Stem Cell Research – Larry and Marjorie Theriault

On several occasions, it has been implied by friend and foe alike that the Catholic Church, as well as the Knights of Columbus, is opposed to Stem Cell research. When in fact the opposite is true! Then where do these ideas come from?

Stem cell research has shown that these cells can be used to eliminate or curtail certain diseases including but not limited to diabetes, spinal cord injuries, immune deficiencies, cancer, and corneal repair. A variety of adult stem cells from such sources as placentas, amniotic fluid, umbilical cords, blood, fat, liver, pancreatic tissue, bone marrow, and the brain, have all shown great promise in curing these diseases. Some parents of newborns are banking their baby's umbilical cord against a possible future requirement for healing.

Here is where the controversy begins! There are those who say we should use human embryos for the source of these stem cells. The problem is that the embryo has to be killed in order to get them! Others say we should clone embryos for the single purpose of destroying them to get their stem cells. Ethically, the issue is very basic. We can use stem cells for research (do no harm), however, we cannot kill the donor to get them.

Bill - Vocations Raffle - Ron

The Vocation Support Raffle is coming to a close, December 31, 2001 and the drawing will be held Saturday January 12, 2002 during the State Deputy's Dinner at the Mid-Winter District Meeting in Matteson, IL. You and your friends cannot win unless they purchase a ticket, so get them while they last. This is a great fundraiser for your Council and for the State Vocations Support Program.

Don't forget to collect back the Vocation Support Raffle Books from your members and for every book of 15 tickets, your Council turns in \$6.00.

State Secretary – Logan Ludwig

Annual Survey of Fraternal Activity

The dead line for submission of your 1728 is just around the corner (January 31, 2002) and again in Illinois we are striving to have 100 % of the Councils reporting. Do not wait; ask for the input of your members on what they have done for the Church, Community, Youth, Charity and their brothers and families.

Submitting this form is very important for the Order since the information submitted by the councils is one of the reasons we remain a tax exempt fraternal organization. This is one small way of telling others about what we, the Knights of Columbus, do for others. We here in Illinois are proud of the fact that we are number one in the United States in Charitable donations and volunteer hours, let's be proud again this year.

Semi Annual Audit Report

Your financial officers should be preparing to turn over the books to your Trustee's for the Audit. Encourage them to complete the work as soon after the New Year as possible to avoid the last minute rush. Be good stewards of the Council and complete your audit early.

2002 Mental Retardation/Learning Disabilities 2002 Fund Drive – Larry Smith

With the anticipated final figure for this years drive still a little out of reach, it looks like we will pass the \$1,500,000.00 mark, the Knights of Columbus, Illinois State Council proudly announces that the 2002 drive is scheduled for September 20 and 21, 2002. Already Governor George Ryan and Mayor Richard Daley (Chicago) have both offered their support by signing a proclamations designating September 20 and 21 as "Help Mental Retardation/Learning Disabilities Citizens Days".

Mark your calendars, appoint your chairman and ask your local Mayor to join both the Governor and Mayor Daley in a similar proclamation. Pull out your aprons and check them out, if you need new ones why not order them today long before you need them. Contact your local merchants early for locations to solicit, ask for matching funds, prepare your business solicitation letters, and if you can still work the intersections get them reserved.

Bits and Pieces

- The number one answer given by new members as the reason they join the Knights of Columbus: Someone asked them to.
- Why do men join the order? When 3000 new brothers were asked that question, this was the majority answer: "To do good for the Church and Community"
- In 2000-2001 the average age of members Order wide and in the State of Illinois was 56 years old.
- In 2000-2001 the average age of new members brought into the Order was 42 years old, in Illinois the average age of new members was 39 years old. Interesting isn't it!
- Why do we want to ask a Catholic man to join our order?
 1. For the man himself and for his family
 2. Spirituality (for what he can share and what he can receive)
 3. Fraternity (in community and in faith)

Bring a fellow Catholic Gentleman and his family in out of the cold by inviting them to become part of the largest Catholic Fraternal Service Organization in the world. Give them the opportunity to feel the warmth of the security that can only be found in the Knights of Columbus. Ask them to join with us and ask them to be involved in your council, church, community, youth and family activities.

Into your hands we commend their Spirits
